

Decals 28 to edge of wall.

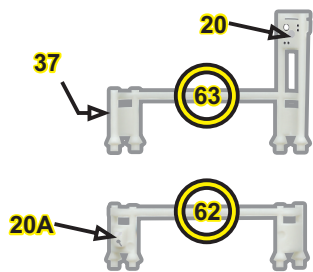

**NOTE B:**  
File down the raised bump at the left end of where decal 3 fits so that the decal can lay more flatly.

**NOTE C:**  
If you are using the ParaGrafix photoetch set (p/n PGX102), do not file off the view screen or incorporate etch part 3F.

Apply decal 37 to the opposite side of this piece.

**BONUS:**  
Decals 42 may be used with the diving bell.

VOYAGE TO THE BOTTOM OF THE SEA™

THE FANTASY WORLDS OF IRWIN ALLEN®

**Decals for the Moebius Models 1:128 Scale Seaview's Interior**

Photograph of Actual Model using Prototype Decals

PGMS ParaGrafix Modeling Systems

Thank you for purchasing these enhanced decals for the Moebius Models 1:128 Scale Seaview model's interior. The decals are made to fit right over the existing kit parts with little or no modification (the two areas where modification to the kit parts will be helpful are indicated on the placement illustrations and explained in the notes).

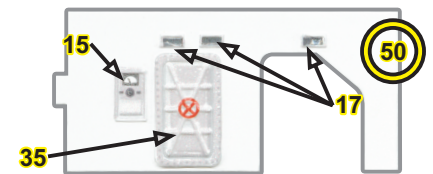

The decals have been manufactured by JT Graphics, one of the finest decal printers available. Please read their instructions for handling the decals printed on the separate sheet.

**Before Adhering the Decals**

Paint, but do not assemble the parts for the interior. As noted in the decal instructions, the finish should be glossy.

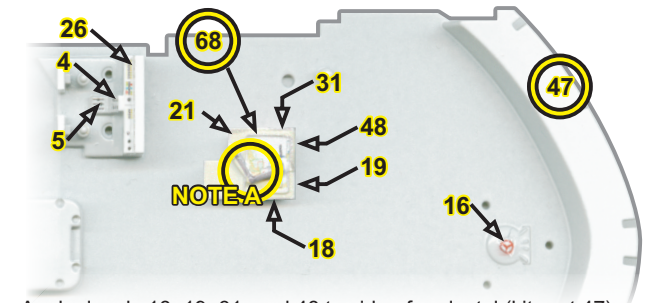

An off-white color can be used for the interior and color applied to any special areas you would like to emphasize. Note that in these photographs only white paint has been applied — all other color has come from the decals.

Once the decals have been applied, allowed to dry, and been clear coated, assemble the interior per the kit instructions.

**KEY**

- 26 Decal #
- 68 Kit Part #
- NOTE Note Callout

Apply decals 18, 19, 31, and 48 to side of pedestal (kit part 47). See top photo for example.

**NOTE A:**  
File down the drafting machine on part 68 so that the decal can lay more flatly.
